Sneaky Demon *by Valacirca*

Sentinel Djinn

TOWNSFOLK

Washerwoman
You start knowing that 1 of 2 players is a particular Townsfolk.

Shugenja
You start knowing if your closest evil player is clockwise or anti-clockwise. If equidistant, this info is arbitrary.

King
Each night, if the dead equal or outnumber the living, you learn 1 alive character. The Demon knows you are the King.

Fortune Teller
Each night, choose 2 players: you learn if either is a Demon. There is a good player that registers as a Demon to you.

Oracle
Each night*, you learn how many dead players are evil.

Nightwatchman
Once per game, at night, choose a player: they learn you are the Nightwatchman.

Philosopher
Once per game, at night, choose a good character: gain that ability. If this character is in play, they are drunk.

Artist
Once per game, during the day, privately ask the Storyteller any yes/no question.

Slayer
Once per game, during the day, publicly choose a player: if they are the Demon, they die.

Alchemist
You have a Minion ability. When using this, the Storyteller may prompt you to choose differently.

Amnesiac
You do not know what your ability is. Each day, privately guess what it is: you learn how accurate you are.

Choirboy
If the Demon kills the King, you learn which player is the Demon. **[+the King]**

Virgin
The 1st time you are nominated, if the nominator is a Townsfolk, they are executed immediately.

Pacifist
Executed good players might not die.

OUTSIDERS

Drunk
You do not know you are the Drunk. You think you are a Townsfolk character, but you are not.

Golem
You may only nominate once per game. When you do, if the nominee is not the Demon, they die.

Hatter
If you died today or tonight, the Minion & Demon players may choose new Minion & Demon characters to be.

Mutant
If you are "mad" about being an Outsider, you might be executed.

Politician
If you were the player most responsible for your team losing, you change alignment & win, even if dead.

MINIONS

Cerenovus
Each night, choose a player & a good character: they are "mad" they are this character tomorrow, or might be executed.

Wizard
Once per game, choose to make a wish. If granted, it might have a price & leave a clue as to its nature.

Evil Twin
You & an opposing player know each other. If the good player is executed, evil wins. Good can't win if you both live.

Goblin
If you publicly claim to be the Goblin when nominated & are executed that day, your team wins.

Mastermind
If the Demon dies by execution (ending the game), play for 1 more day. If a player is then executed, their team loses.

DEMONS

Pukka
Each night, choose a player: they are poisoned. The previously poisoned player dies then becomes healthy.

Lil' Monsta
Each night, Minions choose who babysits Lil' Monsta & "is the Demon". Each night*, a player might die.
[+1 Minion]

Legion
Each night*, a player might die. Executions fail if only evil voted. You register as a Minion too. **[Most players are Legion]**

Lleech
Each night*, choose a player: they die. You start by choosing a player: they are poisoned. You die if & only if they are dead.

Djinn
Use the Djinn's special rule. All players know what it is.

An Alchemist-Mastermind has no Mastermind ability & the Mastermind is not-in-play.

The Cerenovus may choose to make a player mad that they are the Goblin.

If Legion is created, all evil players become Legion. If Legion is in play, the Hatter has no ability.

The Politician might register as evil to Legion.

If the Hatter dies & the Demon chooses Lil' Monsta, they also choose a Minion to become.

If the Mastermind is alive and the Lleech host dies by execution, the Lleech lives but loses their ability.

If the Slayer slays the Lleech host, the host dies.

Sentinel
There might be 1 extra or 1 fewer Outsider in play.

RECOMMENDED TRAVELLERS

Gangster
Once per day, you may choose to kill an alive neighbor, if your other alive neighbor agrees.

Gnome
All players start knowing a player of your alignment. You may choose to kill anyone who nominates them.
